GILCHRISTS WAIVE PRELIMINARY; HELD TO REGULAR SESSION OF THE GRAND JURY

Men Charged With Murder of E. L. Wann at Courtland Arraigned.

BRILLIANT ARRAY OF LEGAL TALENT IN CASE

Habeas Corpus Proceedings Probably Will Be Instigated By Defense.

By BENJ. BLOODWORTH, Staff Correspondent.

COURTLAND, Ala., Oct. 17.—Dan and Garth Gilchrist, charged with the murder of E. L. Wann, who was shot and killed on the station platform here several days ago, today waived preliminary hearing when arraigned in magistrate's court and were held to the regular term of the grand jury, which convenes the first Monday in March. Dan Gilchrist will be returned to the Lawrence county jail, at Moulton, where he will be held without bond, and Garth Gilchrist is under guard at his home here, having been wounded during the shooting that cost Wann his life.

The stage was set for the preliminary hearing before Justices of the peace J. D. Terry of Courtland; Rome Pickens of Town Creek; John H. Brewer of Moulton. A store room, which a short time ago housed a bi-weekly picture show, was converted overnight into a court room to care for the crowd which poured into the little city last night and this morning to witness the first skirmish in what promises to be one of the most bitterly contested legal battles in the history of North Alabama.

An array of legal talent rivaling the famous Overton case arrived last night for today's hearing. For the state there is appearing Circuit Solicitor D. C. Almon of Albany; County Solicitor C. M. Sherrod of Courtland; W. W. Callahan, of Decatur. The defense is represented by Earl Smith, of Huntville; A. H. Carmichael of Tusculum; W. H. Mitchell of Florence; G. O. Chenault, of Albany.

Dan Gilchrist, who has been held in the Lawrence county jail at Moulton since Wann's death at the Benovolent hospital in Albany, arrived in an auto shortly after 11 o'clock in custody of the Lawrence county sheriff. His arrival, however, was kept from the public. Garth Gilchrist remained at his home under guard. He is suffering from a wound in the leg, alleged to have been inflicted by Wann.

Little feeling was manifest on the streets.

It is probable that the defense will instigate habeas corpus proceedings at an early date in an effort to obtain bond for the defendants, according to a well founded rumor today.

WILSON WILL CALL FIRST SESSION OF LEAGUE OF NATIONS

(International News Service.)

PARIS, Oct. 17.—The American peace delegates have been greatly relieved by official assurances from Washington of President Wilson's condition. They have been advised that while the President's illness may necessitate his remaining away from his desk for some weeks and not giving his personal attention to the bulk of official business, his condition is such that matters of the most urgent nature can be brought to his attention. It had been feared that the president would not be able to call the first meeting of the league of nations as provided in the peace treaty, but this fear has been removed. American delegates point out that Secretary Tumulty will probably prepare the call for the president's signature.

WILL COMPLETE PLANS TUESDAY FOR BRIDGING THE TENNESSEE

Final Conference Will be Held Here on that Date. Stock Company Will be Formed. Surveys Already Made.

The last formal conference prior to the inauguration of an active campaign for funds with which to bridge the Tennessee river here will take place on next Tuesday, at which time local business men who are promoting the enterprise will meet with Col. L. A. Dean, of Rome, Ga., Calvin Tichner, of Atlanta, a capitalist; and Chief Engineer Torrence, of the Savannah Bridge Building Company, of Savannah, Ga.

For some weeks the work of completing plans for the construction of the much-needed bridge has been under way. These plans are now practically complete, but have not been made public in detail. It is known however that a bridge-building com-

pany will be organized under the laws of Alabama, with prominent citizens of the Tennessee Valley as officials, and that the stock of the company will be placed on the market as a business proposition. Estimates will show that the bridge stock will be a splendid investment, and this fact alone is expected to make its sale easy. A number of local men have already promised to take good blocks of this stock.

Surveys for the bridge have been made, and permission for its erection was obtained from congress some years ago. It is understood that the bridge will be located at the foot of Ferry Street, and will thus be equally convenient to both towns.

WITH GARY AWAY LABOR GROUP AND PUBLIC MAY ACT

Industrial Conference Atmosphere Clarified by Absence of Steel Magnate.

CHADBOURNE SAYS WILL FIND A WAY OUT

First Vote Will Come on Resolution to Send Report Back to Committee.

(International News Service.) WASHINGTON, Oct. 17.—"We are going to find some expression of principle on which we will all agree," said Thos. L. Chadbourne, chairman of the committee of fifteen of President Wilson's industrial conference this morning. "I believe that we are finding our way to a working basis."

The committee of 15 which yesterday presented to the conference a resolution committing the conference to a recognition of the right of the workmen to organize and engage in collective bargaining will probably have to do its work all over again. It is, however, prepared to do so.

The first voting today was scheduled to be on the resolution of Frederick Fish, of the employers group, to send yesterday's resolution back to the committee of 15. Members of the committee so thoroughly believe that they can find some principle on which labor, the public and the employers can agree that Chairman Chadbourne declared his optimism without reservations.

The absence of Judge Gary with his firmly set principle of no arbitration with union labor has cleared the atmosphere of the conference. The line-up in the conference the last few days has been labor against Gary, not labor against the employers. With Gary absent the labor leaders seem to feel a new hope and members of the public group are also optimistic.

(International News Service.)

WASHINGTON, Oct. 17.—At last capital and organized labor have come to a face-to-face clash on the floor of President Wilson's industrial conference. All the verbiage of the last seven days has been cleared away.

With the steel strike and its settlement as the issue, the two great forces have gone to the mat on four small American words, which stated in their proper order are "by and from among." The employer's group today unexpectedly introduced a resolution which set the fight going. The resolution contains the four words, and it soon gained the title of the "by and from among" resolution.

In their effort to have the conference avoid passing a resolution which might force employers to deal with organized labor as it is represented by unions of the American Federation of Labor, and which might bring about arbitration of the steel strike, the employers presented a resolution asking the conference to declare the right of employers to deal or not to deal with representatives of labor chosen "by and from among" their own employees. The employer's resolution created a storm of criticism from the public group.

FRANCHISE GRANTED POWER COMPANY BY DECATUR COUNCIL

Contract is Similar to the One Which Was Recently Voted by Albany Council.

TRANSMISSION LINES UNDER CONSTRUCTION

Wires Have Been Strung to Madison, and Current Turned on January 1.

The Decatur City council, at its meeting last night, voted unanimously to grant a 30-year franchise to the Alabama Power Company. The franchise is practically the same as that recently granted the power company by the Albany council, and becomes effective when the transmission lines from the company's plant on the Coosa river are complete and the current turned on.

The franchise was granted after W. M. Stanley, district manager, and T. L. Beauchamp, local manager of the power company, had appeared before the city fathers and explained its provisions fully. They stated that the transmission lines now being built to the Twin Cities had already been strung as far as Madison, in Madison county, and that they would be completed by January 1. Some delay will be occasioned by the necessity of building towers on which the wires will cross the Tennessee river.

A letter from the Alabama Power company was submitted to the council and placed on file. In this communication, the Power company explained that the white way posts in Decatur were conveyed to it by the Decatur Light, Power and Fuel Company, when the property of the latter was purchased some years ago, and signified its willingness to turn the white way posts back to those who had paid for their construction, upon written request. The city had maintained that these posts were the property of the citizens installing them, and had refused to grant the franchise until the matter was adjusted.

MINE LEADERS AND WILSON CONFER IN REGARD TO STRIKE

WASHINGTON, Oct. 17.—The government cannot stop the threatened strike of the coal miners. This statement was made by John L. Lewis, acting president of the United Mine Workers of America, just before going into the conference with Secretary of Labor Wilson and representatives of the operators. The conference was called by Secretary Wilson to prevent the strike.

"It was not our move, we have made our demands, and it is now the other fellow's move," said Lewis. "I haven't the least idea what the government, through the secretary of labor, has to propose to us, but I am willing to listen carefully. It is said the government can stop the coal strike; we say it can't."

COVEY WANTS BIG CITY; MORE PLANTS AND MORE PLACES

Industries Mean Jobs, Says Well Known Citizen Who Once Was Blacksmith.

SUCCESS COMES WHEN CITIES PULL TOGETHER

Farmers Want Better Markets That Will Come With Consolidation and Expansion.

"I have been in this town twenty-two years," said Thomas E. Covey, the well known transfer man and drayman, "and I have noticed that every time Decatur and Albany have gone together to do anything it was a success. And every time they have worked separately, little has been accomplished. Take the parades. When the mayors of both towns led the people and walked arm in arm, the people were all full of the spirit of friendliness. This was the case when the Birmingham Chamber of Commerce was entertained here on their way to Sheffield and the Muscle Shoals. That was during the war and Mayors Payne and Nelson led one of the biggest parades we ever had. Now, when I hear all the argument that the people of these towns would not co-operate if we were consolidated, I think of the parades and liberty loan campaigns that was put over, and I do not believe the talk. I think every one should make up his mind on this question of consolidation, always keeping in mind the future, and vote for what he feels means the biggest future for all the people."

For the General Good

"If I had property on Second avenue, even if I were not sure consolidation would help it at first, I would be for consolidation for the general good. Now take my case. Because I was a union agitator, I was fired out of my job as a blacksmith years ago. Now as there was no blacksmithing or other industrial work here, I had to either leave or change my occupation. As I had just set up house-keeping, I decided to stay here, but I had to give up my trade. I think working men ought not to be misled along this line. In case there is ever any trouble, if we go ahead and build a big town, we will stand a chance of having some industries to fall back on which we can win. While as it is we will have to win a strike at once or leave town. Such a thing as a big town for Albany or Decatur as long as everything stays as it is, is out of the question. I think we had better seek to all get together and pull together so we will have more chance. We ought to all do this instead of listening to the talk about where certain buildings are located. Buildings do not bring in any money. It is businesses that will pay out wages that we all want. It was the wages working people earned that made Second Avenue what it is. We are all failing to do much for the town as I see it. Even our street car system is in the hands of a receiver and there are no prospects that I know of, of any industries. Because some merchants are getting rich does not mean that the cities are growing as they should. Besides the increased wages at the shops, the country trade is the whole dependence. And I understand that the farmers far and near, are all for consolidation. They want us to be making a market for what they have to sell. They expect for us to do something for them as well as they bring trade to us. I firmly believe that consolidation will win. That is if it ever comes to a vote and we are not kept out of a vote by the next, (and about the fourth) effort of interested people who have done all in their power to keep down a vote despite their thinly veiled claims to the contrary."

"I want to ask this question: Can any one see what possibilities Muscle Shoals have for us and still bring up little weak arguments against consolidation?"

Lanier Royer Buys

Eyster Property

Mr. and Mrs. Lanier Royer have purchased the property on Jackson street known as the old Eyster place for a handsome consideration. They expect to move into their new home sometime during the early winter.

PETROGRAD AT LAST IS DELIVERED FROM BOLSHEVIST'S RULE

(International News Service.)

WASHINGTON, Oct. 17.—Petrograd and Kronstadt have fallen, according to official advices received by the state department today. The forces of Gen. Yudenitch have taken both cities, according to the reports which came through consular offices in Finland.

(International News Service.) HELSINGFORS, Oct. 17.—Petrograd has at last been delivered from Bolshevist rule. Services celebrating the deliverance of the city were held in the Russian orthodox church.

The main attack against Kronstadt, the chief defense of Petrograd on the seaside, was delivered by the British fleet from Kuporia Bay, and was entirely successful. The bombardment was terrific. The concussions were felt in villages in Finland and windows were shattered.

Later information received here said that Gen. Yudenitch's forces had taken Petrograd Wednesday night and that Kronstadt was reported to have been captured at the same time. This information lacks official confirmation.

CAPT. SMITH BARRED FROM AERIAL DERBY; MAYNARD WINGS ON

(International News Service.)

BUFFALO, Oct. 17.—Capt. L. H. Smith, temporarily out of the air derby, took off again today at 12:30, flying the de Havilland four of Maj. Carl Spatz, which Spatz turned over to him because he considered Smith a better pilot.

WASHINGTON, Oct. 17.—Permission for Capt. Leavelle Smith to continue his trans-continental air flight in a Curtis machine was withdrawn by the war department today.

Capt. Smith came down near Buffalo, N. Y., with a broken propeller. Last night he was granted permission to take a plane to be furnished him in Buffalo. Officials today decided that only planes actually a part of government equipment would be permitted in the race.

PRINCESS TO OPEN ABOUT DECEMBER 1

SAYS D. M. PIXLEY, MANAGER WHO IS IN THE TWIN CITIES TODAY.

The new Princess theatre, which is being erected by B. L. Malone on Second avenue, will have its formal opening about December 1, unless present plans go awry. This statement was made today by D. M. Pixley, of Florence and Little Rock, who is the manager of the house, and who is here on a trip of inspection.

"The theatre will open the day it is completed, and Mr. Malone has promised to have it ready by December 1," said Mr. Pixley. "The chairs are already here, and our arrangements for the opening complete."

Owing to the uncertainty as to the opening date, Mr. Pixley said that he could not announce definitely the nature of the initial attraction. It has been planned to open on Oct. 6 with Keith vaudeville, but construction was delayed. The Princess will book big road shows, as well as tabloid and vaudeville attractions.

400 ACRES OF WILDER PLACE SOLD FOR AVERAGE PRICE OF \$152.70

Fine Farm Lands Adjacent to Albany Disposed of at Public Auction—Bowden on Block.

Four hundred acres of Wilder Place, the magnificent country home of Mr. and Mrs. W. B. Edmundson, was sold at the public auction conducted yesterday by the United Realty Auction company. The average price per acre paid was \$152.70, and the total volume of sales \$60,970. The highest price paid was \$260 per acre and the lowest \$120. The sale was cried by Col. J. E. T. Bowden, the famous auctioneer.

THREE AMENDMENTS TO VERSAILLES PACT NOW ON CALENDAR OF THE U. S. SENATE

Shantung Proviso is Voted Down by a Majority of Twenty.

REPUBLICANS FAIL TO EMBARRASS PRESIDENT

Fourteen Members of the G. O. P. Failed to Follow Leadership of Lodge.

(International News Service.) WASHINGTON, Oct. 17.—Opponents of the German treaty who are working for its rejection centered their efforts today upon the Johnson amendment as their last and strongest hope for changing the document textually. With the defeat of the Shantung amendment, senators opposed to the textual changes predicted that the Johnson and all other proposed amendments pending would also meet with failure. The Johnson amendment is the strongest card the proponents of the amendment have.

WASHINGTON, Oct. 17.—With but three of the 45 amendments to the Versailles peace pact, as reported by the Senate Foreign Relations committee, of which Senator Lodge is chairman, now on the calendar, administration leaders today predicted that these would meet with the fate of the 42 that have been disposed of. The Shantung amendment, of which Senator Lodge was the author, was voted down by the senate late Thursday, by a vote of 35 to 55. This amendment has been debated for weeks. In the vote 14 republicans swung to the side of the administration, while three democrats voted with the opposition.

The remaining amendments relate to American representation on the reparations commission and the equalization of voting power in the league of nations.

The roll call on the Shantung amendment follows:

The vote for adoption was:
Republicans—Ball, Borah, Brandegee, Calder, Capper, Curtis, Dillingham, Fall, France, Frelinghuysen, Gronna, Harding, Johnson (California), Jones (Washington), Knox, LaFollette, Lodge, McCormick, McLean, Moses, New, Newberry, Norris, Page, Penrose, Phipps, Poindexter, Sherman, Sutherland, Wadsworth, Warren and Watson. Total, 32.
Democrats—Gore, Reed, Walsh (Massachusetts). Total, 3. Grand total, 35.

Against adoption:
Republicans: Colt, Cummins, Hale, Kellogg, Kenyon, Keyes, Lenroot, McCumber, McNary, Nelson, Smoot, Spencer, Sterling and Townsend—14.
Democrats: Arshuff, Bankhead, Beckham, Chamberlain, Culberson, Dial, Fletcher, Gay, Gerry, Harris, Harrison, Henderson, Hitchcock, Jones (New Mexico), Kendrick, King, Kerby, McKellar, Myers, Nugent, Overman, Owen, Phelan, Pittman, Pomerehne, Ransdell, Robinson, Sheppard, Shields, Simmons, Smith (Arizona), Smith (Georgia), Smith (Maryland), Stanley, Swanson, Thomas, Trammell, Underwood, Walsh (Montana), Williams and Wolcott—41.

Total against adoption, 55.

The six senators absent or paired were:

For adoption: Fernald, republican, Maine, and Elkins, republican, West Virginia.

Against adoption: Edge, republican, New Jersey; Johnson, democrat, South Dakota; Martin, democrat, Virginia, and Smith, democrat, South Carolina.

Jones Promoted to Inspector of Police

H. J. Jones, for some years chief of the watchmen's force at the L. & N. shops, has been promoted to a similar position in Knoxville, Tenn. While the work is much the same as he had here, Mr. Jones' new position is known as "inspector of police." He is still in the employ of the railroad administration.

ANNOUNCEMENT
(Paid Political Advertising.)
We are authorized to announce
Hodges Crow as a candidate for Tax
Collector of Morgan county, subject
to the Democratic primary. Your
vote and influence solicited.

We are authorized to announce
Samuel E. Roper as a candidate for
Tax Collector of Morgan County, sub-
ject to the action of the regular pri-
mary.—Advertisement.

ALABAMA TO VOTE ON
CONSTITUTIONAL AMENDMENT

On the twenty-ninth day of Decem-
ber of the present year the voters of
Alabama will go to the polls and say
whether or not the constitution shall
be amended so as to give 42 munici-
palities the right to run their own
affairs and finances. The recent leg-
islature submitted this proposed
amendment to the people.

The forty-two towns affected do
not include Albany and Decatur or
any other Morgan county town. They
do, however, include such near neigh-
bors as Athens, Huntsville, Tuscum-
bia and Sheffield, and such metropoli-
tans as Birmingham.

The full list is as follows:
Fairhope, Ashland, Sheffield, Tus-
cumbia, Lanett, LaFayette, Anniston,
Jacksonville, Heflin, Selma, Flomaton,
Atmore, Pollard, Brewton, Russell-
ville, Birmingham, Bessemer, Ingle-
brook, Fairfield, Scottsboro, Steven-
son, Florence, Auburn, Opelika, Phenix
City, Athens, Tuskegee, Hunts-
ville, Demopolis, Monroeville, Alice-
ville, Gordo, Reform, Carrollton, Gir-
rard, Hartsboro, Pell City, Living-
ston, Columbiana, Carbon Hill, Cam-
den, Pine Hill.

If the constitution is amended these
42 cities and towns will be allowed to
say for themselves whether they shall
spend their own money in their own
way. Or in other words, they will
be granted the privilege of voting on
an increased tax for municipal pur-
poses not to exceed five mills. The
increased revenue will enable Alaba-
ma municipalities to get out of the
rut, to make needed improvements
and to expand and prosper. Under
present galling restrictions, cities
like Birmingham are tied hard and
fast in their expenditures by an an-
tiquated constitution framed by men
whose visions of the future were
small and cramped.

In voting for the ratification of this
amendment, the voters are merely
giving the 42 municipalities the right
of self-government. This is certainly
democratic, progressive and Ameri-
can.

STAR AND HOT BLAST
CELEBRATES BIRTHDAY

The Anniston Star and Hot Blast,
published by the Consolidated Pub-
lishing Company, with Capt. Harry
M. Ayers as editor and publisher,
this week celebrated its thirty-seventh
anniversary. In an editorial appro-
priate to the occasion, it was recalled
that the Hot Blast was established
in 1882, "when Anniston had a
bright promise but not many houses,"
and that in 1912 it was merged with
the Evening Star. The result was
that instead of having two newspa-
pers of mediocre calibre, "attractive
Anniston," now has perhaps the nois-
iest little sheet in the whole state of
Alabama. The war brought prosper-
ity to Anniston, and with the coming
of the encampment the Star jumped
into real metropolitan proportions. It
now has a full leased wire news ser-
vice, a Sunday comic supplement and
numerous other little side attractions
that the small daily as a rule cannot
boast of. The Star is exceedingly
well edited, is alive and progressive.
It certainly is a credit to its home
town, for which it has boosted val-
iantly in season and out. The Daily
congratulates the Star on its splendid
attainments.

COMMERCIALIZING THE
PRESIDENT'S ILLNESS

The illness of President Wilson has
been used to quite good advantage by
the speculators, who by means of the
rumor route have caused prices to
fluctuate on many curbs, and have
themselves no doubt picked up quite
a bit of available cash through their
shrewdness. The broker wires one
day not so long ago buzzed with wild
alarm over the President's condition,
and the result was that a few more
sheep were sheared. Cotton, even,
dropped like a sky-rocket, under the

stress of the excitement. The gam-
blers have a profound respect for the
almighty dollar, but very little for
the head of the nation. They over-
look no bets, and are quite willing at
any time to demoralize business for
their own private gain.

CARRANZA DEVELOPES
A SENSE OF HUMOR

V. Carranza, president of the turbu-
lent republic of Mexico, must have
slipped down off his high perch and
learned to be a real human being, if
he is correctly quoted as saying that
stable government would be restored
in his dominions by the time the
United States and other world powers
have brought order out of the present
industrial chaos. This wise old bird
had never been credited with a sense
of humor, or with special gifts of sa-
tires, but he seems to have lived up
to a bit and caught the spirit of
things. From the present outlook,
Mexico will be as quiet as a country
graveyard long before the allied pow-
ers or even defunct Germany can
feel that security that comes with
genuine civilization and wholesome
respect for law.

EVADED LAW THIRTEEN YEARS

Noted Indian Outlaw Forced by Affec-
tion to Surrender to Police of
British Columbia.

Simon Gun-a-noot, notorious Indian
outlaw and "bad man," has experi-
enced a change of heart. He has
given himself up after evading the
police and the white man's law for 13
years, says a Vancouver (B. C.) dis-
patch to the Toronto Globe.

Among his tribesmen in northern
British Columbia the elusive Gun-a-
noot was regarded as a great hero, not
because of his success in evading the
law, but because of his great feats of
strength, his prowess as a hunter, his
mastery with the rifle, and his intense
religious fervor. Undoubtedly the af-
fection of his tribesmen assisted
greatly in his remaining at large so
long. Of the vast resources of north-
ern British Columbia he probably
knows more than any white man. This
is said to be especially true of mineral
wealth.

During the 13 years Simon has been
a fugitive from justice he is said to
have never been out of British Co-
lumbia. The government has spent
\$50,000 to get him, without success.
His reasons for surrendering, he says,
were to obtain civilized comforts for
his sick wife, and education for his
children.

Simon will face trial on a charge
of murdering Alex McIntosh and Max
Le Clair, two white traders, whose bod-
ies were found on the trail outside
Hazelton, B. C. It is alleged that Si-
mon fought with them, claiming that
he did so because they gave his young
wife liquor.

IS OLDEST LIVING LANGUAGE

Speech of Lithuanian Peasants Re-
cognized as the Most Ancient
Still on Human Lips.

"Viri trahite jugum"—"Men, drag
the yoke"—sighed the Roman politi-
cian when Nero turned down the re-
quest of the Amalgamated Togamakers'
union for an eight-hour day and
raised taxes to pay for the autumn
series of orgies and a new saddle.

"Vyrai, traukite jungan," echoes the
Lithuanian of the present day, as he
and his fellow refugees shoulder their
packs and set out for the return trip
to the farms whence they were driven
before Lithuania had set up its present
republican form of self-government.

This striking similarity between the
modern Lithuanian and the ancient
Latin language is no mere coincidence
applying to those few words only.
Lithuanian is the oldest living lan-
guage in the world today. It resem-
bles most the primitive Sanskrit and is
probably older than Greek or Latin,
with which philologists find it has
much in common. It is entirely dif-
ferent from German and the Slavic
tongues.

Prof. A. Millet of the College of
France says: "If you wish to hear
from the human lips some echo of
what the language originally common
to the Indo-European may have been,
go and listen to Lithuanian peasants
talking."

STOMACH O. K.

Indigestion, Acidity, Sourness
and Gases ended with
"Pape's Diapiesin"

Millions of people know that it is
needless to be bothered with indiges-
tion, dyspepsia or a disordered stom-
ach. A few tablets of Pape's Diapiesin
neutralize acidity and give relief
at once.

When your meals don't fit and you
feel uncomfortable, when you belch
gases, acids or raise sour, undigested
food. When you feel lumps of indiges-
tion pain, heartburn or headache,
from acidity, just eat a tablet of
Pape's Diapiesin and the stomach
distress is gone.

The cost is so little. The benefits
so great. You, too, will be a Diapiesin
enthusiast afterwards.—Adv.

GRADUATING EXERCISES
CENTRAL BAPTIST CHURCH

At the evening service next Sun-
day, Pastor W. P. Wilke will present
diplomas to a number of teachers and
officers of Central Baptist Sunday
School. Those who have completed the
prescribed course of study and are
to receive the diplomas issued by the
Sunday School Board are Supt. D. D.
Gibson, Mrs. Kimball Jones, Miss
Martha Weaver, Miss Zu Lee Gibson,
Miss Elizabeth Burleson, Mrs. C. E.
Malone, Mrs. F. G. Almon, Mrs. R. Y.
Bracken, Miss Annie B. Malone, and
Mr. J. W. Gibson.

Certificates are also to be present-
ed to a number of the young people
who have completed a course in young
people's work. Services will begin
at 7:30. The pastor will speak on
the subject, "The Preparation which
Pleases God." All are invited.

MACCABEES TONIGHT
The Maccabees will meet tonight at
Hardage Hall at 7:30 o'clock. All
members are urged to be present.
W. G. McKOIN, Record Keeper

BOGGS BROS. BUY
THE WEBSTER PLACE

Clayton and Hugh Boggs, well
known business men of the Twin
Cities, have purchased the Webster
farm, across the river in Limestone
county and adjoining the Hitt and
Hamlet farms, which they recently
bought. The consideration for the
Webster farm was \$28,000 cash, or an
average price of \$90 per acre. The
Boggs brothers, confident that the
bridge across the Tennessee river will
be built in the near future, are buying
up large tracts of Limestone county
land.

Grid Squads Today
Invade Foreign Soil

Albany High Plays at Florence and
Decatur A. A. at Hartselle.

The two local gridiron squads of
the Albany High School and the De-
catur Athletic association, today in-
vaded foreign territory. Coach Tem-
pleton carried his school boys over
to Florence to engage the high school
eleven of that place, while Coach
Rush and his huskies pilgrimage to
Hartselle to meet Morgan county
high. Both elevens had hard work
cut out for them.

Regular Habits Produce
a Beautiful Complexion

Daily elimination rids the system of poisons.
Women should realize that!

MANY women complain daily of
their complexion, of their head-
aches and general ill health little
realizing that the trouble is constipation.
Women, too, are much more subject to
such congestion than men, and much more
careless of it. The result is seen in luster-
less, weary eyes, in sallow, pimply com-
plexion, in lassitude, bad breath, and in
that word so often used, "indisposed."

always have a bottle in the home. It is
free from narcotics and safe for the tiniest
baby.

In spite of the fact that Dr. Caldwell's
Syrup Pepsin is the largest selling liquid
laxative in the world, there being over
6 million bottles sold each year, many
who need its benefits have not yet used
it. If you have not, send your name and
address for a free trial bottle to Dr. W.
B. Caldwell, 511 Washington St., Monti-
cello, Illinois.

This combination of simple laxative
herbs with pepsin can be bought at any
drug store for 50c and \$1 a bottle, the
latter for families, for it is also a very
sterling first-aid in colds, fevers and other
sudden ills that make it advisable to

Exempted for Reason.

When parliament of the common-
wealth of Australia enacted a law
some years ago prohibiting the em-
ployment of Asiatic and native island
laborers in that country, the crews,
divers and other workers in the pearl
industry at Broome were Malays and
Japanese. More than 1,500 Japanese
were employed in the pearl-fishing
fleets. For a time it was feared that
the new law would destroy the indus-
try, but no attempt was made to en-
force the law.

"Her" First Biscuits

The young bride need have no fear for her
biscuits if she will use Valier's Dainty Flour.
Biscuits and pastry made with it come from
the oven crisp, brown and feathery light—a
delight to her and a joy to him. There is a satis-
faction in using Valier's Dainty Flour for home-
baking that does not come from ordinary flours.

Valier's Dainty Flour

is slowly and carefully milled from soft winter
wheat that has been selected only after a rigid in-
spection. It is silk sifted to a texture that means
delicious biscuits, pies, cakes and pastries, with
a flavor and taste that not only delight the ap-
petite, but conserve the health.

Dainty Flour Requires Less Lard.

Order a sack from your grocer
today—accept no other.

Valier's Dainty Flour
is a high-grade Valier Flour with self-rising
ingredients, mixed in the proper proportions.
Requires no salt or baking powder. 17 1/2 a sack.

The Cheney Phonograph

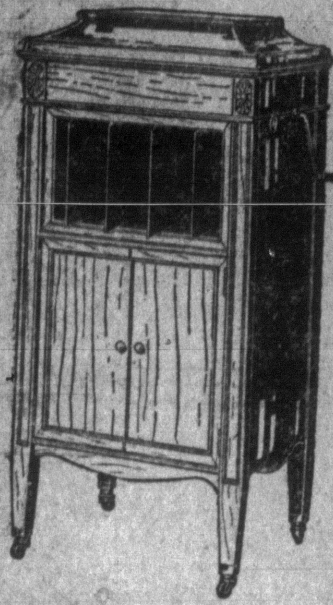

The Longer You Play It The Sweeter It Grows

A new Cheney Phonograph is an instrument of marvelous tone.

But an old Cheney is a prized possession—an heirloom of ever-increasing worth.

Cheney Phonographs grow sweeter and richer in tone the longer you own them, like a violin. And for the same reason.

Every part of the Cheney Orchestral Chambers and Resonator is of maple and spruce—and the resonator is carved in violin lines. Suspended, tone free, it vibrates like a violin, and thus adds increasing sweetness to Cheney Tones. We invite you to come today and hear it.

THOUGHT

Slumber Song.
Sleepy; and my song shall build about your bed
A Paradise of d'ness. You shall feel
The fading of tired wings; and peace will dwell
Thorned in your silence; and one hour shall hold
Summer and midnight, and immensity
Lured to forgetfulness. For, where you dream,
The stately gloom of foliage shall embower
Your slumbering thought with tapestries of blue.
And there shall be no memory of the sky,
No sunlight with its cruelty of swords.
But, to your soul that sinks from deep to deep,
Through drowsed and glimmering color, Time shall be
On a slow rhythmic swaying; and your breath;
And roses in the darkness, and my love.

—Society News in Today.
Mesdames Roy Osborne and Mrs. Charles O'Mera returned to Athens last night, having been the guests of Mr. and Mrs. Milton Harvey.

ENJOYS HIS 3 MEALS A DAY

Mr. Wooten Thinks Much of ZIRON Because It Made Him His Old Self Again.

Sick people do not get much out of life. In order to enjoy your meals, to do your work well, you must be strong and healthy.

Pale, weak, nervous people frequently need iron to enrich their blood and to restore vitality to their system, and a good way to supply the iron is to follow the example of Mr. Clayton Wooten, of Scotland, Ga., who used Ziron Iron Tonic and has this to say about it:

"I have taken Ziron according to directions and I can truthfully say that it is a fine tonic. It has done me all the good. Since I began taking it, I have gained eight pounds in weight and enjoy eating three meals a day. I shall do all I can to recommend Ziron."

Try Ziron! Your druggist sells Ziron on a guarantee to refund your money if the first bottle fails to benefit. You cannot lose anything, but very likely will gain much, by getting a bottle of Ziron, today!

MRS. HARVEY COMPLIMENTS GUESTS WITH BRIDGE PARTY

One among the prettiest events of the fall season was the bridge party given Thursday afternoon by Mrs. Milton Harvey for her guests, Mrs. Charles O'Mera, of Nashville, Mrs. Roy Osborne, of Athens, Mrs. John Pointer of Florence. Tables were arranged in the parlor and living rooms. The parlor was decorated in shell pink roses tastefully arranged in large vases. A flower basket of the same roses depended from the arch between this room and the dining room. The dining table presented a pretty picture, centrally ornamented with a graceful Florentine basket of full bloom roses that nodded a happy greeting to the players. The living room was in a motif of yellow, using Chrysanthemums, the cultivated blossoms of the talented hostess. Tables were arranged in the parlor and living rooms, that were decorated in chrysanthemums of a henna shade. The honorees were presented with cut glass cognac bottles. In the game Mrs. W. B. Smith made top score. A tempting salad was served followed by an ice course, Mrs. Philip Humphrey and Miss Mary Harvey assisting in serving. Those playing were: Mesdames F. F. Tidwell, B. B. Pickens, A. A. Hardage, L. K. Wiggins, Paul Crawford, C. B. Elliott, R. G. Cortner, O. Kyle, J. W. Cunningham, John W. Sheets, R. C. Wolcott, John Pointer, Chas. O'Mera, Roy Osborne, T. A. Bowles, L. H. Bullard, B. E. Preuit, W. B. Smith, Gordon McDuff and Alex Humphrey. The players were joined for refreshments by Mrs. W. R. Shelton.

DINNER BRIDGE CLUB

A recently organized bridge club held its first meeting last evening with Mr. and Mrs. W. A. Bibb. Mrs. John W. Sheets is the president of this club that is to meet twice a month. The personnel of the club is: Mr. and Mrs. W. A. Bibb, Mr. and Mrs. R. H. Wolcott, Mr. and Mrs. J. W. Cunningham, Mr. and Mrs. W. R. Smith, Mr. and Mrs. R. E. Saunders, and Mrs. John W. Sheets. For the session the Bibb residence was aglow with lights and most attractive with decorations of gorgeous dahlias. Following a delicious dinner bridge was played, Mr. J. W. Cunningham making top score. To Mr. Julian Bibb was awarded the guest prize. The guests were: Mr. F. F. Tidwell, Mrs. T. A. Bowles and Mr. Julian Bibb.

DANCE FOR THE HUNTSVILLE TEAM

The visiting Huntsville Foot Ball team were entertained at a delightful dance at the residence of T. V. Harrison on Sherman street on Wednesday evening.

Mr. and Mrs. W. R. Smith will probably leave in a few days to visit friends in Missouri, Illinois and Ohio to be absent probably several weeks.

Mr. and Mrs. J. W. Thornton have returned from a business trip to Chicago.

Mrs. John Pointer will return to Florence Saturday morning after a visit to Albany-Decatur friends.

Mrs. C. W. Black has returned from Birmingham where she attended the State W. C. T. U. convention. Mrs. Black is enthusiastic over the progress made during the year in the Franchise department as well as prohibition work.

WEATHER

Partly cloudy tonight and Saturday. Cooler tonight in south and central portions.

SPECIAL SUMMONS MEETING

Albany Lodge No. 491 F. A. & A. M. special summons meeting tonight at 7:30 o'clock, for the consideration of erection of a new Masonic Temple or reconstruction of the present one. All Master Masons are expected to be present.

J. I. Chrissinger, W. M.

PERSONAL

Dr. F. P. Pettey has returned from New Orleans.

Rev. A. P. McFerran, of Birmingham, was in this city this morning en route to Tennessee.

Charles Austin Sr., of Austinville was in Albany on business yesterday.

F. A. Johnson of Austinville has returned after an extended visit to Cincinnati.

Early Phinizy is home from the road for a few days.

Edward F. Geers, the celebrated reinsman, will probably be the guest of Mr. and Mrs. W. R. Smith on Sunday, en route from Atlanta to his home at Memphis.

Miles Cook and son, Zach, of Columbia, Tenn., are here the guests of Mr. and Mrs. F. G. Cook.

GEORGIA NEGRO IS KILLED BY MOB

BODY IS BELIEVED TO HAVE BEEN CREMATED IN BURNING BUILDING.

(International News Service.)
BUENA VISTA, Ga., Oct. 17.—A mob surrounded the cabin of a negro, John Smith, near here early Thursday and seized him. It is believed he was killed and the body thrown into a burning house. The negro refused to come out at the demand of the mob and opened fire on them, holding the crowd at bay until they set fire to the cabin. Smith's wife and granddaughter were injured during the shooting, but will recover. Smith was accused of exciting racial unrest.

Wilson Condition Not So Satisfactory

(International News Service.)
WASHINGTON, Oct. 17.—The text

of Admiral Grayson's daily report upon President Wilson's condition is as follows: "The President passed a comfortable night and is feeling well this morning. His temperature, pulse and respiration rate are normal. The prostatic condition is not as satisfactory as yesterday, and is checking the general improvement of the past two weeks."

(Signed)

H. B. CAGLE

ALBANY, ALA., Wednesday, Oct. 15, 1919.

TO THE DISCRIMINATING THEATREGOERS OF ALBANY, DECATUR AND VICINITY:

A theatrical engagement of rare import to theatregoers of Albany-Decatur and vicinity will take place on Wednesday, Oct. 22 at the Masonic Theatre.

The occasion will be the premier presentation in this city of F. Ray Comstock and Morris Gest's radiant musical comedy triumph, "LEAVE IT TO JANE," which comes with a record of one solid year in New York; 9 months in Chicago; 6 months in Boston and 9 months in Philadelphia.

Messrs. Comstock & Gest have been especially successful in their presentation of musical comedy, and among their best known successes are "Oh, Boy," "Oh, Lady, Lady," "Oh, Look," and "Chu Chin Chow," but probably the most popular of all is "Leave It to Jane."

This company numbers nearly 50 people, and I believe that the engagement will prove the biggest musical comedy treat that Albany-Decatur has enjoyed in the last five years. Messrs. Comstock & Gest are noted for the prodigality of their productions, and the eminence and perfection of their casts, and this organization is one of the best they have ever sent on tour and will positively include the most bewitching bouquet of American beauties that ever grew in the garden of girls.

Prices for this engagement will be \$2.00, \$1.50, \$1.00, 75c, 50c, and seats will go on sale Monday, Oct. 20. In order to accommodate the enormous demand for seats, mail orders will be received, and these, when accompanied by proper remittances, will be conscientiously filled in the order received.

Respectfully,

H. B. CAGLE,

Masonic Theatre

Good to Remember
NR TO-NIGHT-
Paste In Your Hat

Paint on Window Glass.
 To remove paint or varnish from window glass. Keep the spots moistened till soft, with turpentine and ammonia; then rub with coarse cloth dipped in coarse salt. Or moisten spots with baking soda dissolved in hot water. Then scrape off. The edge of a coin is sometimes used.—Housewife.

Chicory.
 In some parts of Cape Province, South Africa, chicory gives a yield of \$250 to \$300 per acre, Johannesburg being the chief market.

Robert Peevet and Catherine Wedgwood, in the farriating musical comedy success, "Leave it to Jane," at the Masonic theatre on Wednesday, Oct. 22. It will be your worth while to see them.

The Flu Is Coming Back

The doctors tell us that we are certain to have a return of the FLU, and that it will start almost any time. They also tell us that there has not been found a cure for that dreaded disease. They do tell us, however, that if we keep our system in a healthy condition that we will not be likely to get the Flu. So if you are wise you will get yourself in shape to resist it. D. & D.

Systone is the Medicine

to put you in a healthy condition, which is the best preventive for any disease. We have many testimonials from people in Chattanooga who used Systone last year. Some tell us they know Systone kept them from having the Flu, and others tell us it gave them back strength after they had the Flu.

Don't delay, but get a bottle today and let the whole family take it before it is too late. We believe D. & D. Systone to be one of the best Tonics for the system that has ever been offered to the public, and your druggist will refund your money if you are not satisfied.

"SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Look at tongue! Remove poisons from stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name Calumet on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."—Advertisement.

REV. A. N. COOK OF HUNTSVILLE ENDORSES DRECO

Declares the new herbal medicine has done him much good, and the public to benefit by it

Stomach trouble, sluggish liver, constipation, poor sleep, no appetite, dizzy spells overcome. Much relief to kidneys also.

Huntsville citizens are well acquainted with Rev. A. N. Cook, the venerable Baptist Clergyman, who resides at 409 McKinley Ave. In a letter given for publication he says: "I have been weak and rundown with no appetite, could not sleep well, was bilious, constipated, and my stomach had an uneasy feeling, which distressed me very much. My Kidneys forced me to get up as much as eight and ten times during the night; frequently had dizzy spells and backaches."

"Though I am 85 years old, Dreco was very prompt in reaching my troubles, which is rather unusual in persons of my age. I soon noticed my bowel action was free and easy, the dizzy spells passing away. My stomach became settled and easy; nerves quieted so that my sleep was peaceful and refreshing. That is great work alone, but is not all. The kidney trouble is much better, for now I only get up from one to three times during the night, and I fully expect all this to be stopped when I have taken Dreco a little longer. I am happy to endorse such a worthy remedy, and trust this will reach some one who will benefit by reaching of my relief, and begin taking Dreco."

Dreco is composed of the juices and extracts of many different roots, herbs, barks and berries, which act on the stomach, kidneys, liver and bowel, and purify the blood. It relieves constipation, prevents gas forming in the stomach, increases the appetite, insures sound, refreshing sleep, banishes catarrh of the head and takes the pain out of rheumatic joints.

All good druggists now sell Dreco, and it is highly recommended in Albany by Albany Drug Co., Decatur by Hilda Drug Co.—Advertisement.

LOOK TO SARDINIA FOR CORK

World Turning to That Island for Production of Material So Much in Demand.

Cork has probably passed alive on as the leading export of Sardinia, and Commercial Attaché A. P. Dennis states that recent production has been so stimulated that a large factory at Tempio is quadrupling its capacity. The bark is stripped from the tree once in nine years. At the Tempio factory the dried bark is first thoroughly steamed and flattened out by hydraulic pressure; it then remains in piles about 30 days, when it is taken out covered with blue mold, and is carefully scraped on both sides and cut into widths varying according to the lengths of the cork stoppers desired. The strips are cut by hand into cubes, a process requiring highly skilled labor, with much care in picking out defective pieces. The corks have been rounded and tapered by high-speed cutting machines, but a new abrasive process is claimed to reduce the waste of this finishing from 20 to 30 per cent. Before the war the fine dust sold in Germany for unknown use for about \$90 a ton. At Terranova the cork is differently utilized, the best being baled in sheets for shipment, while the inferior is coarsely ground and used with a magnesium surface for walls and floor coverings. The war demand was for cork trench mattresses, which were both light and afforded protection from cold and moisture.

MOTOR CARS ON STAGE LINE

Old Four-in-Hand Vehicles on Nevada Roadways Succumb to March of Improvement.

Stage lines in Nevada have abandoned the time-honored four-in-hands of horses in favor of high-powered motor busses.

Daily, with clocklike precision, these big cars pound along the 100 miles of sun-bitten alkali roadway carrying passengers and mail. In much less time and far greater comfort the ranchers and business men of today speed over the same roads where once rattled the four-in-hand stage, slow, jolly and not at all certain of reaching its destination.

The cost of transportation by motor bus compares favorably with operating expenses of the horse stage. The proprietors of the lines are thorough business men and can tell to the penny the gasoline mileage of every car, the oil consumption and just how much service is obtained from tires.—San Francisco Bulletin.

Land Reclamation Scheme.

The British board of agriculture has inaugurated a scheme for the reclamation of land on the Lincolnshire shore of the Wash. A bank is being constructed from Wainfleet, a little below Skegness, to Freiston, near Boston (Lincolnshire), commencing at the Wainfleet end, and by this means it is hoped to recover about 12,000 acres. The work is in charge of a resident engineer in Wainfleet and will employ a large number of men, who will be selected from demobilized soldiers and sailors, and thus obviate the taking away of labor from agriculture. It is said that in the middle of the last century a reclamation scheme was started, and it was then estimated that a sufficiently large area would be redeemed from the Wash to form a new English county. The enterprise was abandoned, but experts have always maintained its practicability, which is now in the course of being tested.

Saw George Eliot's Ghost.

The death of Mrs. Katherine Macquoid, the veteran novelist, at the great age of ninety-three, severs another of the few remaining links with the Victorian past. A contemporary of George Eliot, Mrs. Macquoid used to tell how she once saw the famous writer in a vision.

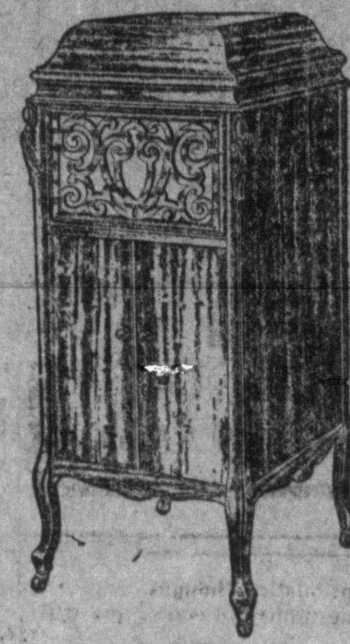

When George Eliot went to live at Chelston Mrs. Macquoid proposed to go and call on her. But before she could do so a remarkable and tragic thing happened.

One night Mrs. Macquoid awoke suddenly, and saw the figure of George Eliot standing between the bed and the wall. The apparition was distinct and unmistakable. On the following evening Mrs. Macquoid learned of George Eliot's death.

What Every Woman Knows

Here's what every woman knows about the old-fashioned way of washing clothes!

She knows the work itself is little short of Drudgery

She knows that figuring the cost of Gas, Soap, Starch, Bluing, Breakfast and Dinner for the "wash lady," new wage scales, shorter work days, etc., it's costing her just as much money for home washings as she'd pay to have 'em done 'The Laundry Way.'

But here's something that every woman doesn't know—namely, that instead of injuring clothes, as the old-fashioned laundry process sometimes did, present day methods are easier on a wash than the hand process!

Send the family bundle here! The article will go back cleaner and they'll wear longer! Call the wagon!

DOCTORS FIND
REMEDY FOR
COLDS AND FLU

CALOTABS, THE NEW NAUSEA-LESS CALOMEL TABLETS, CUT SHORT COLDS AND MAY PRE-VENT FLU BY KEEPING LIVER ACTIVE.

Physicians have learned from experience, during the epidemic of influenza, that one of the most important factors in the prevention of flu and pneumonia is to keep the liver active so that the digestive organs may be in perfect working order and the system thereby enabled to throw off colds, check sore throats, and resist serious complications. For this purpose they have found that the new, nausealess calomel tablets called Calotabs, are far more effective even than the old style calomel, which was formerly the universal favorite, as Calotabs do not weaken the patient, nor interfere with the appetite and digestion.

At the first sign of a cold or sore throat, doctors recommend one Calotab at bed time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your diet, pleasure, or work. Next morning you wake up feeling fine, your liver is active, and your appetite is keen for a good breakfast.

For your protection Calotabs are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs. Your money back if you are not delighted with them.—Advertisement.

Lisbon's Gambling Clubs.

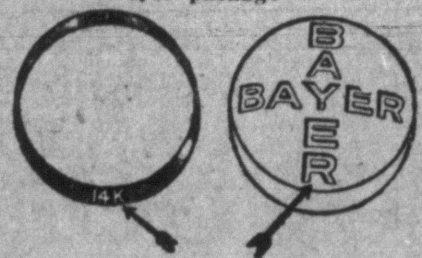

The Portuguese are born gamblers and the most brilliant side of their night life is found in the exclusive clubs of the city of Lisbon. Wonderfully appointed, with added attractions of excellent dining rooms, music, dancing, reading rooms and libraries, they are kept alive by one thing—the Portuguese love of play.

True Economy.

True economy consists not in going without things so much as in using all things, money included, to the best possible advantage.

NAME BAYER MEANS
ASPIRIN IS GENUINE

Get relief without fear as told in Bayer package

The "Bayer Cross on Aspirin tablets has the same meaning as 14 Karat on gold. Both mean Genuine!

"Bayer Tablets of Aspirin" should be taken according to the safe and proper directions in each "Bayer" package. Be sure the "Bayer Cross" is on package and on tablets. Then you are getting the genuine Aspirin prescribed by physicians for over eighteen years for the relief of Colds, Pain, Headache, Toothache, Earache, Rheumatism, Lumbago, Neuritis.

For a few cents you can get a handy tin box containing twelve tablets. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monastereich, Germany. Advertisment.

HAVE NEW SENSE OF DUTY

America Probably Has Taught Much to French Women of the Highest Social Position.

They were handing out pots and pans to the returned refugees at Reims that day.

It was really a very gay occasion, says Blanche Brace in World Outlook. The pots and pans made it so, in spite of the ghosts of dead homes (more hollow shells of ruined houses) all around the shattered building where the distribution was being made, the broken cathedral over yonder, the miles of desolation everywhere. Sometimes the refugee women hugged the cheap utensils to them and weaned over them as if they had been children; sometimes they wanted to pay a few centimes "rent" for them, so that they might feel the things were their own. These were not just pots and pans, but the promise of comfort and security again, the nucleus for new homes that should rise from the ruins.

A countess with smudged fingers, and half a dozen other French women of prestige, stood behind the counter and handed out the utensils. All at once a middle-aged, homely mere dropped her pan with a clatter.

"Mon Dieu!" she gasped, "is she a countess? And I fought with her for a bigger pot! And working so hard—what does it mean?"

What it meant was that France earned two new words from America during the war—social service.

NUX-IRON

TONIC

With Paw-Paw Added

THREE POWERFUL FORCES IN ONE

PUT UP IN LIQUID FORM

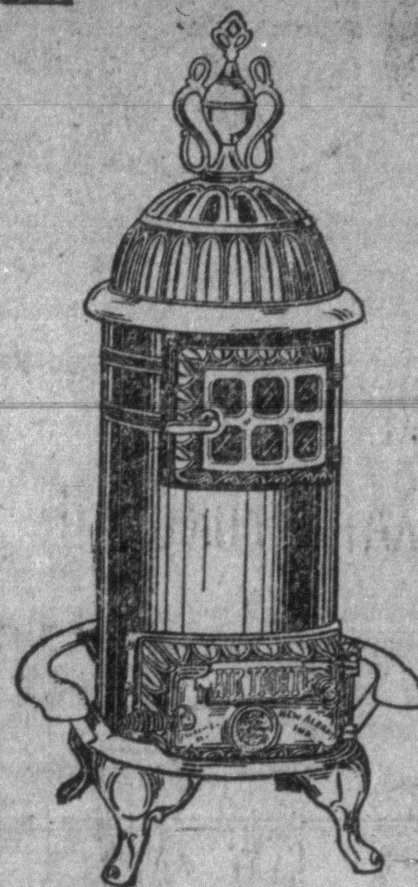

Mr. J. H. Evans, a well-known contractor residing at Edgewood, S. C., says: "I was suffering from nervous indigestion, stomach and liver troubles, could not eat without suffering agony after each meal, which made me a physical wreck. I was advised to call and see you and try your Ironized Paw-Paw which had been recommended by a friend. I must admit I was a little skeptical at first, having tried so many things without success, but I am more delighted than I can possibly express that I did decide to try your Ironized Paw-Paw. After using a couple of bottles according to directions I find my stomach good as ever, my liver is acting fine and I can eat everything now without after distress. You have certainly a splendid remedy which does all and more than you claim for it and it will afford me pleasure to recommend its use wherever I go."

If your food distresses you, if you are constipated, have headaches, dizzy spells, are nervous and get the blues, just take a spoonful of Ironized Paw-Paw. You'll find all the disagreeable feeling passing away very quickly. Do as scores of your neighbors are doing—get a bottle of Ironized Paw-Paw and bid your liver and stomach ailments good-bye. We want the man or woman who can't sleep and is despondent to try this remedy. You'll never go back to the old-fashioned medicines. Lots of business and professional men find Ironized Paw-Paw enables them to do more and better work. It seems to energize every fibre, tissue and bone. Begin on Ironized Paw-Paw today so you can join the army of converts.

Your druggist probably keeps it, but if he doesn't it is sold in by All Druggists.

Ironized Paw-Paw (liquid form), has the formula on every bottle. Mail orders promptly attended to. Interstate Drug Company, Inc., New York.—Advertisement.

Mother makes a discovery, but it isn't lodge secrets

The Fragrant Weed.

The use of tobacco was first discovered in America when Columbus, in 1492, sent his first party to explore the island of Cuba. It was first observed that these herbs were burned and carried by the natives to perfume themselves. It was later discovered that these herbs were also used for chewing, and later as America was opened up and explored, it was observed that they were smoked in large quantities.

Too High to Lend.

Our neighbor, who has a great habit of borrowing, came over one afternoon to borrow some baking powder and I told her I had none. In the course of conversation she mentioned the high price of baking powders, when my brother spoke up: "Look on the grocery bill and see how much they charged me for the can I got this morning."—Exchange.

Popular Way.

One of the meanest ways to an afternoon off is to bother a who is busy.— Toledo Blade.

THE
HOT
BLAST
ANCHOR

HERE is an exceptional heater of unusual construction. It was designed and built with heat-retaining and fuel saving qualities in mind. Unlike the ordinary type of stove with cast fire-pot the Anchor Hot Blast fire-bed is made of heavy fire clay. Thus, one-third to one-half greater capacity is assured, and by actual test the life of the clay is much longer under ordinary use than that of the best cast pot made.

Come in and let us demonstrate this Anchor Hot Blast to you.

MILAN WOMAN IS
PLEASED TO TALK

Mrs. Love Declares She's Glad to Publicly Indorse Trutona

Milan, Tenn., Oct. 17.—"Trutona seems to have given me new life and I am surely proud to publicly indorse the new medicine," was the enthusiastic and convincing statement made recently by Barbara Lowe, a well known Milan woman.

"I was suffering from a catarrhal affection of the stomach and bowels," she continued. "I was nervous and usually was being annoyed by constipation. Needless to say, I tried many different medicines but they didn't seem to give me the relief I wanted, that is, until I began using Trutona."

"Trutona seemed to reach my troubles from the very start. My head is clear as a bell now and my nose isn't stopped up any more. I can eat anything now and the food always digests properly and agrees with me. And to think, it used to be that had no appetite and had to be very careful about what I ate. Trutona has regulated my bowels, too, something no other medicine has ever done and I'm not nervous like I was before taking Trutona. I'm going to continue using Trutona and I'm sure it will completely relieve me of my troubles."

Trutona has been publicly indorsed by thousands of people who have found it remarkable beneficial for the treatment of stomach bowel and liver troubles, catarrhal complaints, nervousness and the like.

Trutona is now being introduced and explained in Decatur by Decatur Drug Co.; in Albany by Fruit-Dillehay Drug Co. The L. S. DuBois, Son & Co., wholesale distributors of Trutona in this territory.—Advertisement.

Watch the Little Pimples; They are Nature's Warning

Unsightly and Disfiguring Signs of Bad Blood.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to cleanse it of these impure accumulations that can cause

unlimited trouble. This remedy is one of the greatest vegetable compounds known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drug store, and get a bottle of S. S. S. today. Get rid of those unsightly, disfiguring pimples, and other skin irritations. It will cleanse your blood thoroughly. For special medical advice free, address Medical Director, 41 Swift Laboratory, Atlanta, Ga.

Charles Foster, Mildred Miller and Robert Pecquet, three of the leading dancers, singers and fun makers, who will dispel gloom in the rollicking musical comedy "Leave It to Jane," at the Masonic theatre on Wednesday, Oct. 22.

For Sore Throat

Rub the chest vigorously with Yel-O-Pine Croup and Pneumonia Salve, then saturate a piece of flannel with the Salve. Warm it before the fire and press it firmly over the chest and throat.

Take a chunk of the salve about the size of a pea and spread it inside the throat. If the case is obstinate melt a bit in a spoon and breathe it through the mouth and nose. The next morning the head, throat and lungs will be cleared and the agonies great. Ask your dealer for Yel-O-Pine Salve.

SALVE

AMUSEMENTS

"LEAVE IT TO JANE,"

FASCINATING MUSICAL

COMEDY—OCTOBER 22

Probably the most important musical comedy engagement of the year in this city, is the announcement that "LEAVE IT TO JANE," the fascinating musical comedy, will have its first local presentation at the Masonic theatre Wednesday, October 22. The book and lyrics are by Guy Bolton and P. G. Wodehouse, authors of the great musical successes "Oh, Boy," and "Oh, Lady, Lady," while the music is by Jerome Kern, already famous as the composer of a dozen or more musical plays, including "Oh, Boy." The production is under the managerial direction of F. Ray Comstock and Morris Gest. "LEAVE IT TO JANE" has to its credit one solid year in New York, and from the fact that both Philadelphia and Chicago paid tribute to it in nine months runs, followed by an engagement of six months in Boston, the extensiveness of its appeal may easily be seen.

Yellowstone Park Grows.

Yellowstone national park is expected to grow 1,295 square miles larger as soon as the present congress reaches a bill neglected by the last session. The proposed extension, 30 miles to the south of the established boundary, as described in Popular Mechanics magazine, takes in Jackson lake near the wonderful mountain scenery about it, part of the famous Jackson's Hole country.

Besides providing the only variety of scenic beauty now lacking in the park, the addition includes the summer grazing ground of America's last large herd of elk, and some of the finest trout-fishing water in the country.

Fish Had False Teeth.

A fish wearing false teeth was hooked in the Gulf of Mexico, near Indian Rocks, Fla., by A. L. Anderson of Independence.

Judge Anderson was invited to go out in a boat with H. H. Ingersoll, a well-known resident of Indian Rocks. During the day they brought up a specimen of the "swell tooth" or burfish variety.

As the hook was pulled out it brought with it a front plate with four false teeth attached to a gold bridge.

Later it was learned by the astonished fishermen that a few days before a visitor from Oldsmar, a nearby resort, had dropped his teeth while bathing.—Kansas City Star.

To Mend Umbrellas.

Umbrella handles sometimes become loosened from the steel rods. Put some resin in an iron spoon and hold it over the gas or on a hot stove until thoroughly melted; then pour it into the cavity in the handle and put the steel rod into it. Hold it firm until the resin is cold.

Good Time to Do It.

"I can't see those socialists," said Uncle Eben. "When a man comes around talkin' dat red doctrine, right dar is where I gits color blind."

Thought His Time Had Come—Disappointed

"I never was more surprised in my life than when I took the first dose of Mayr's Wonderful Remedy. My stomach trouble had been of eight years' standing, sometimes so bad as to cause convulsions, followed by hemorrhage. I thought my time in this world was short, and believed it the last medicine I would ever take. It is now eight weeks since, and I am feeling better than for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. No dose will convulse or money refunded. —Advertisement.

Optimistic Thought. Better have an open enemy than a sneering friend. Daily Thought. Whatever is, is in its causes just—Drayden.

Bismarck's Wine Thirst.

In his choice of drinks Bismarck displayed a somewhat unpatriotic spirit. Talking to Mr. John Booth in 1879, Bismarck confessed that when stationed at St. Petersburg, he used to drink two bottles of champagne a day. He estimated that altogether he had drunk 5,000 bottles of champagne and smoked 100,000 cigars.

On another occasion Bismarck declared that beer "makes men stupid, lazy and useless. It is responsible for the democratic nonsense spouted over the tavern tables. A good rye whisky is very much better."

Chilean Nitrate Needed.

In spite of the prophets of disaster, the war did not ruin the Chilean nitrate industry; instead, military needs created an unprecedented demand. Now that this has ceased, the Chilean pessimists are once again predicting ruin, but El Industrial of Antofagasta says there will now be a greater demand than ever for fertilizer and that artificial nitrates have failed even to rival the natural product of Chile.

NOTICE

All members of the Columbian Union are urgently requested to attend a meeting to be held at the Board of Commerce Hall tonight at 8 o'clock.

J. Floyd Dillehay, Sovereign.

GUN COTTON BASIS OF SILK

French Inventor, After Long Study, Has Evolved a Truly Wonderful Artificial Product.

According to Count Hilaire, inventor of artificial silk, which is now produced by vast factories in Switzerland, Belgium, France, England and the United States, it has for its basis nothing less than gun cotton. One of the greatest problems he had to solve in perfecting it for everyday use was to render it nonexplosive.

The gun cotton, under the chardonnet process is first dissolved in a mixture of alcohol and ether, and then spun through fine capillary tubes by means of hydraulic presses.

Other chemical processes give it incombustible and nonexplosive qualities, together with the consistency and the transparency of the finest silk from Japan or China.

It took just 80 years of the 80 which Count Hilaire, has completed to perfect his discovery and render it of actual and practical commercial value.

The illustrious chemist and scientist has just been elected to the supreme honor of membership in the French Academy of Sciences for his discovery of how to put one over on the silk-worms. During the war he had been decorated by the French minister of war with the Cross of a Chevalier of the Legion of Honor for discoveries relative to the manufacture of high explosives growing out of his researches made primarily to render artificial silk stockings nonexplosive.

STYLES KEEP WOMEN YOUNG

Desire for Latest and Prettiest Things an Evidence of Wisdom, According to Authority.

"Woman has gained her political and intellectual freedom," said Emil W. Kohn in an address before the New York Retail Jewellers' convention at Saratoga. "She has declared in public and in private that never again will she be the slave of men. But I venture that she will remain the willing slave of fashion."

The woman who declares she would rather be dead than out of fashion expresses a thought in every woman's mind. As it is a man's privilege to pay the bills, he may at times express displeasure. That man, however, who is permanently and chronically displeased at or indifferent to his wife's pretty hat, becoming gown and beautiful jewelry is a brute and should be caged with other wild animals.

To be contented with the thoughts and things of yesterday is to stand still, and stagnation breeds decay. To be sensitive to new ideas is to be youthful. Woman's desire to possess jewelry that is new and fashionable and beautiful is an evidence of growth, and growth is the law of life."

Safe Light for Miners

Nowadays the up-to-date miner carries a package of electricity about with him while underground. It is a small storage battery, attached to the back of his belt, and is connected by a cord with a lamp fastened to the front of his cap.

The lamp, provided with a reflector, throws quite a flood of light in front of the miner. But its chief advantage is absolute safety.

In olden days miners (who must, of course, have light) carried about with them open-flame lamps. These caused innumerable disastrous accidents through ignition of coal dust or gases. Sir Humphry Davy's invention of a safety lamp, whose flame was protected by a wire gauze saved an immense number of lives. It is in common use today, but the electric mine lamp is better and more convenient.

Really Important Point.

Roland had found a pencil eraser, and, offering it to his little cousin, he said: "You can have it, Hazel. Do you know how to write?" Then, evidently he happened to think that she would have no use for an eraser unless she made mistakes, for he added: "Do you know how to write wrong?"

Where Seagulls Roost.

Seagulls do not always roost on the water, as persons familiar with the places say that thousands of gulls roost in trees on Big Duck, Little Duck and Old Man islands in Maine, and not only roost in trees, but nest in them as well. The same is true of many other islands along the Maine coast. The gulls of Boston harbor and thereabouts have particular roosting places on the water.

Winter Reading.

Books of natural history make the most cheerful winter reading. I read in Audubon with a thrill of delight, when the snow covers the ground, of the magnolia, and the Florida key, and their warm sea breezes; of the fence rail, and the cotton tree, and the migrations of the rice bird; of the breaking up of winter in Labrador, and the melting of the snow on the banks of the Missouri.—Thoreau.

World's Debt to the East.

Civilization was born in the East. For ages letters, art, religion flowed westward from Asia. When Europe was a wilderness, peopled only with savage, wandering tribes, learning and government flourished beyond the Dardanelles. From Armenia, Syria and Persia came both the Jewish and the Christian religions, the alphabet and much of science. Long since the tide turned. Civilization among these eastern peoples began to ebb, and they have slipped far back toward their pastoral days.

Knew What He Meant.

My three year old boy noticed all the others on leaving the party speak to their hostess, so when his turn came he looked up with a most engaging smile and said: "Haven't we had a terrible time?"—Exchange.

DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair into a mass of thick, gleamy waves. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft towel with the "Danderine" and draw this through your hair, taking one small strand at a time, instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful.—Advertisement.

Funnel Made From Milk Bottle.

A funnel that has a wide range of application about the household, and especially in food-canning season, may be made by cutting the body of an ordinary milk bottle. The bottle is trimmed at the desired point by tying an alcohol-saturated cord around it and applying a match. The glass will break evenly at that point. After breaking, the edge is smoothed off on an emery wheel and the funnel is ready for use.

Tells Albany Druggists Sale of Begy's Mustarine is Guaranteed

Makers Have so Much Faith in Its Mighty Power That They Rigidly Guarantee It Not Only to You but to All Who Buy It.

Begy's Yellow Mustarine in Yellow Box

Very soon the people of this city and state will know through the newspapers about the best and quickest pain killer on earth.

A wonderful external remedy that often ends influenza, cold in the chest, sore throat, pleurisy or bronchitis over night.

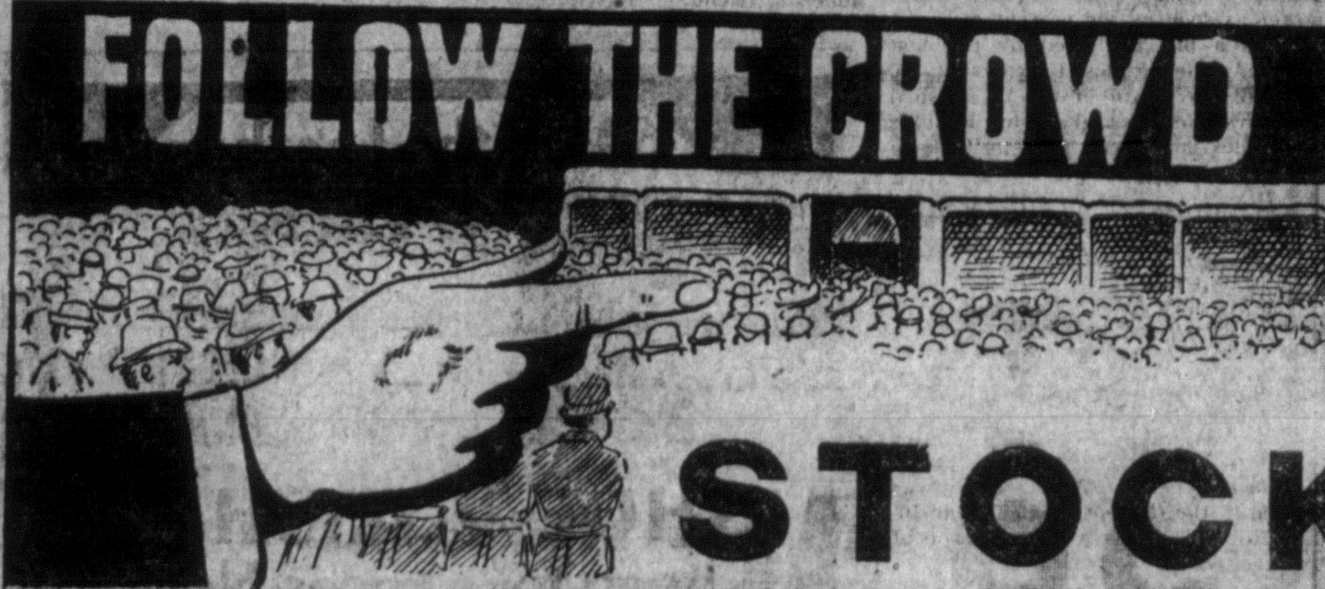

It's called Begy's Mustarine and thousands of people who have suffered from the agonizing pains of rheumatism have found speedy, sure and blessed relief with one application.

Everyone knows that heat eases pain and there is more concentrated non-blistering heat in a box of Begy's Mustarine than can be put in any other box of the same size.

Just tell your customers to rub on Begy's Mustarine; it is very penetrating and can't blister.

Tell them to use it for sprains and strains, for lumbago, neuritis, sciatica and neuralgia.

Why be a slave to an extravagant heating plant when Cole's Hot Blast will give you perfect satisfaction for practically 1-2 your present fuel bill.

Cole's Original Hot Blast Heater

For Hard Coal, Soft Coal, Slack, Lignite, Wood and Lighter Fuels

1-3 Fuel Saving Guaranteed

Burns the cheapest grade coal clean and bright. Remember that soft coal is half gas. This valuable half of your fuel money escapes up the chimney and is wasted in other stoves. Cole's Hot Blast Fuel Saving combustion (see open cut) stops this needless waste and saves and utilizes the gas half of the coal wasted by other stoves and turns it into warmth and cheer for your home.

DANGER IN WILD FLOWERS

Many Are a Prolific Cause of Hay Fever, According to Expert Who Sounds Warning.

Hay fever is relatively common in children, but the reason that this is not more generally known is that these attacks are usually mistaken for "colds," writes Dr. William Scheppegrell of New Orleans, president of the Hay Fever Prevention Association, in the Medical Record.

Sometimes a child that seems to have a "cold" is taken into a park or away to the country in the hope that the fresh air will effect a cure, and it is there exposed to further infection from the pollen of the plants that are chiefly responsible.

Besides the ragweeds, which are the principal offenders, there are several other wild flowers that, though quite innocent when left alone, are likely to cause hay fever if applied directly to the nostrils of children. Among these Doctor Scheppegrell warns us especially against the daisy fleabane, one of the commonest of weeds. It grows from one to two feet in height, has light green almost toothless leaves, daisy-like flowers about half an inch wide, with a large greenish yellow disk, white rays occasionally bluish-tinted, shorter than those of the daisy and sometimes entirely absent.

Other flowers against which Doctor Scheppegrell warns are the dandelion, field daisy, black-eyed Susan, and other of the Composite family. These are harmless unless one sniffs their blossoms, in which case they are likely to start a hay fever that may persist well into the fall.

MADE RECORD DURING WAR

Soldiers Proud of "Stars and Stripes," Official Organ of American Troops in France.

The most remarkable publication born of the war appears to have been "The Stars and Stripes." As it went out of business with the final scattering of its staff in June its record is now open to the public.

The publication was, as is well known, the official organ of the American expeditionary forces in France, and there is no doubt that it lived up to its dignity in a handsome manner. It started with a circulation of 30,000 and this was increased to 550,000 in less than a year. It maintained a French war orphan fund, to which 450,000 soldiers contributed 2,000,000 francs, and in the 16 months of life the paper cleared 3,500,000 francs.

There are other details of its progress and its work, among which is one to the effect that it printed 500 poems by soldiers and rejected 20,000.

The Editor and Publisher prints an extended review of the accomplishments of the paper, and from it we learn that its staff at any time or on any other contained something like 250 men. Among them were Sergt. Maj. Philip von Hoon, managing editor, and Sergt. Robert L. Smith, staff contributor, both Clevelanders.

An American Solomon

The story is told of a member of the American Red Cross somewhere on the Syrian side of the African continent, who found himself faced with something of the same problem the solution of which earned for Solomon, in ancient days, the reputation of being the wisest of men. On this occasion the child was that of an Armenian woman, found in the house of a Turk at Aleppo, and who, the mother said, had been taken from her when three years old. The child she claimed as hers was a little girl of seven years and she gave no sign of recognizing her mother. The American was puzzled to know what to do. An idea struck him. He told the mother to sing the lullabies with which she had been used to rock her baby to sleep. The little girl looked astonished and thoughtful; then she smiled. Memory had awakened, and the Armenian woman had recovered her child.

Scientific Management

"It doesn't do to swallow all the stories you hear about the efficacy of scientific management, but I heard one the other day that I can well believe."

Senator Cummins, the speaker, was entertaining a luncheon party at Atlantic City.

"So your wife refused to marry you when you first proposed to her? I said to Brown during a confidential chat one day. 'Did you keep on pursuing her till she consented?'"

"Not much," Brown replied craftily. "I went out and made a fortune. When I came back it was she who did the pursuing."

Will Film a Big Game Hunt

Writing of East Africa reminds me of a young man of greater enterprise than financial resources who has fixed up a contract with a motion picture firm to go on a big game shooting expedition in East Africa, and take with him operators and camera. His own cheerful view of the undertaking is that he will get his shooting, and the movie firm will get their pictures, and both will reap substantial profits.—Manchester Guardian.

Suspicious

Patience—What's the matter with you and Fred?

Patrice—Well, I had a suspicion he wasn't true to me all the time he was in France with his regiment, and now I'm quite sure of it.

"Why so?"

"Last night he began saying sweet things to me in French."—Yonkers Statesman.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the dog days of summer by taking GROVE'S TASTELESS CHILLTONE. It purifies and enriches the blood and builds up the whole system. You can soon feel its strengthening, invigorating effect. 50c.

Three of the earliest and girliest American beauties that ever grew in the garden of girls. They will charm you in the musical comedy, "Leave it to Jane," at the Masque Theatre, Wednesday, Oct. 22.

To Clean Brass Castings

Brass castings may be cleaned in 2 minutes by dipping them into a solution of three parts sulphuric acid to three parts of nitric acid, to which after they have been mixed is added a quart of common salt, the whole being stirred until the salt has been dissolved. If this is placed in an earthenware vessel the brass castings can be dipped in it, removed immediately, and rinsed in clear water. The castings can be made as bright as new by this method and there is little loss involved.

"Some" Talker

Jimmy had been over playing with the little boy who had just moved in across the street. When he came home I asked him how he liked the new neighbor. He replied, "I like him fine for games, but he is the talkiest kid you ever heard."—Chicago Tribune.

"ONLY ONE THING BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker"

NOTHING but sustained quality and unfading effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn colds and crushing new ones, grippe, throat-irritating coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough, 50c. and \$1.20. All druggists.

Regular Bowels Is Health

Bowels that move spasmodically—free one day and stubborn the next—should be beautifully regulated by Dr. King's New Life Pills. In this way you keep the impurities of waste matter from circulating through the system by cleansing the bowels thoroughly and promoting the proper flow of bile.

Mild, comfortable, yet always reliable, Dr. King's New Life Pills work with precision without the constipation results of violent purgatives. 25c. as usual at all druggists.

IT'S UNWISE to put off to-day's duty until tomorrow. If your stomach is acid-disturbed take

KI-MOIDS

the new aid to digestion comfort today. A pleasant relief from the discomfort of acid-dyspepsia.

MANUFACTURERS ARE DESPERATE

PRICES ARE TUMBLING; OLSHINE'S LEADING IN PRICE REDUCTIONS IN LADIES' WEAR

The weather has been unfavorable all over the country—not simply in the South, but also in the big northern and eastern cities. The warm weather has paralyzed the women's ready-to-wear business.

RESULT—prices have slumped. Manufacturers found themselves with millions of dollars worth of Suits, Coats and Dresses on hand. Our buyers were on the job, and secured a lot of suits, coats and dresses at sacrifice prices.

This saving we will pass along to our customers, making the following great reductions as long as this new shipment lasts

LADIES' SUITS worth \$35 to \$40 **\$27.50**
LADIES' COATS worth \$30 to \$37.50 **\$24.50**
LADIES' DRESSES worth \$25 to \$35 **\$22.50**

TAKE ADVANTAGE OF THESE REDUCTIONS

Cold weather is facing us and high prices will positively prevail again soon.
